Have you found where your advantages lie? Is it not here? steadily here? Are not our advantages (manufacturing, jobbing and retailing,) of the utmost importance to you in making up your slate of expenditure for the various outlays necessary to a year's warmth, comfort and general satisfaction?

Isn't our One-Price System and privilege to return any purchase proving unsatisfactory from whatever cause, and our plainly marked prices that any child can understand, of any consequence to you in discriminating between our clothing house and another? Isn't our way easier, quicker and more gratifying to you as a purchaser? Are not the class of goods we make different? Quality. We are not satisfied in selling such as people want to buy. We sell such as people ought to buy. Bad materials and skillful work are put together in a most seductive fashion. Hones material and faithful work are none too good for the lowest grade.

A case of Gloves, strikingly arranged catches your eye upon the right, fifth case down. Kids, Castors, Buckskin, Cape, Sheepskin, oil-tanned Buckskin, Fine Cloth, Jersey and Warm Lisle-thread at a range of prices of 50c. to \$2.00 per pair. Kid Mittens, flannel-lined, \$1.00, 1.25, 1.50.

About Hats, let us say only enough to keep the news from spoiling-our advantages here make surprising prices, and more so just now on account of many broken lines. Tomorrow (Monday) we shall fill our large East window with the odds and en is of our stock at 50c. your choice. We have replenished our stock of 50c, Scotch Caps in readiness for the coming blizzard. Not so pleasan to think of but easier to pay for are the 5-to 10-year boys' Overcoats at \$1.75.

Just at the present time the number buyers depends upon how much we give for a dollar. We have given more than ever buyers keep coming.

In Bags and Satchels, from small to large from shoddy to good, from 60c. to \$8.00, and we tell you what they are.

The Enquirer says she "has beauty, voice and expression, the nervous force and subtle emotional sensibilities that stamp her as an artiste in whom genuine talent is inborn. Springfield Division, No. 6, Uniform Rank Knights of Pythias, have engaged the eminent tragedian, Frederick Warde, to appear at the Grand next Saturday evening, in the character of Virginius, supported by a strong company. Tickets are on sale at Carter's, where the box sheet will be open on Wednesday morning. The San Francisco Chronicle has this to say: "On Thursday night Mr. Warde played "Virginius." It was a breath of air from the mountain tops. It drove before it the close and unwholesome atmosphere of the modern drama. It was refreshing. The tragedy of "Virginius" is not a great work; but it gives scope for a great actor, and Warde carried it far above Sheridan Knowles—carried it into the realms of Shakespeare. John McCullough has always been claimed to be the finest "Virginius" on the stage. We have not seen him for several years, but it is to as unquestionable that, with all his reputation and experence, there are same scenes in which Warde is distinctly superior, if he is not in all.

Every night that a show is given at the Grand Opera Honse, a crowd of boys assemble in the lobby, run around booting and yelling, and annow the people who go to the Opera House to attend the show. Not only this, but they run up and down the stairs which lead from the alley to the gallery stairs, and make so much noise that at times it is impossible for those inside to hear what is being said Last night officer Record determined that he would begin a weeding out of this crowd if the opportunity presented itself. He did not have to wait long. About 9 o'clock he heard a scuiffe on the landing of the gallery stairs, and running up found two boys quarreling and trying to throw each other down. He took them to the station house and locked them up on the charge of discrderly conduct. They gave their names as Charley Smith and Lewis Hayes, Officer Record says that this is only the beginning, and warns the boys who are in the habit of loafing about the opera house that their turn will come sooner or later if they keep it up.

John Bethel, of Fulton & Hypes, was called to Columbus yesterday by the illness of his mother, who is not expected to live.
